

## Recommended resources

Suggestions for further reading to extend and deepen knowledge and add context.

### Topic 7

[www.ipcc.ch](http://www.ipcc.ch)

The Intergovernmental Panel on Climate Change (IPCC). Many relevant publications, particularly two of the four parts of the IPCC's fifth assessment report:

- *Climate Change 2014: Impacts, Adaptation and Vulnerability*
- *Climate Change 2014: Mitigation of Climate Change*.

[www.bbc.co.uk/news/science\\_and\\_environment](http://www.bbc.co.uk/news/science_and_environment)

A good source of up-to-date information.

[www.skeptic.com](http://www.skeptic.com)

A scientific and educational organisation promoting science and critical thinking. Many articles concerning climate change.

[www.oxfam.org.uk](http://www.oxfam.org.uk)

A website highlighting the impact of climate change on poor people around the world.

[www.sciencedaily.com](http://www.sciencedaily.com)

A good source of articles and videos on climate change.

[www.newscientist.com](http://www.newscientist.com)

Articles on all aspects of climate change.

<http://climate.nasa.gov>

A detailed source covering the evidence, causes, effects and solutions relating to climate research.

[www.bp.com/statisticalreview](http://www.bp.com/statisticalreview)

The BP Statistical Review of World Energy is updated annually to present a comprehensive source of information on energy production, consumption and trends.

[www.geography.org.uk](http://www.geography.org.uk)

DVDs from the Geographical Association: (1) *Global Energy Security*, (2) *Energy Security: India's Sustainable Solutions*, (3) *Climate Change*.

[www.teachclimatechange.org](http://www.teachclimatechange.org)

This website aims to be a comprehensive tool for teaching climate change. The resources are searchable by key stage.

[www.tes.co.uk/teaching-resources](http://www.tes.co.uk/teaching-resources)

The Times Educational Supplement (TES) claims to be the world's largest online network of teachers.

[www.curriculum-press.co.uk](http://www.curriculum-press.co.uk)

Geography factsheet no. 241: 'Global warming mitigation – dealing with energy emissions'.

Geography factsheet no. 244: 'Global warming mitigation – removing carbon from the atmosphere'.

Geography factsheet no. 259: 'How high, how soon – the impact of rising sea levels'.

Geography factsheet no. 286: 'Geoengineering – the ultimate global warming solution?'.

Geography factsheet no. 296: 'The Maldives – on the frontline of climate change'.
