## Theme: Business and employment; Home and leisure

### IT system: GPS, smartphone apps, databases

*Red Dragon Taxi Company* is a taxi company in the Philippines. The company has developed an app\* that allows customers to book taxis.

- The app determines the customer's location and selects the nearest available taxi. It then shows their location, and the taxi's location, on a map (see **Figure 1**). It also gives the customer the option to share their location with up to five other people, who can track their journey.

**Figure 1: The Red Dragon Taxi Company app**

Once the journey has been completed, an invoice is automatically sent to the customer.

- The *Red Dragon Taxi Company* app collects information on the customers, the taxi drivers and the routes taken. The app allows customers to provide feedback on the service they received (see **Figure 2**), and some drivers are very keen to improve their rating. Drivers can also rate their passengers. If there are any problems with the service, they are both able to report these to the Customer Service Department at *Red Dragon Taxi Company*.
